STOP

Are you read ng this chapter on:
mangafox
mangahere
mangareader etc. ?

These sites are easy to find and they're very active on! Some people even think that mangafox/mangahere MAKE chapters.

THEY DO NOT

These websites STEAL translated manga chapters from scanlators like us without giving us any credit. They consume late manga from hundreds of scanlation groups. They make thousands of dollars not from their hard work but from a scanlation group's hard work like us.

But guess what? They don't respect a scanlation group's wishes and don't credit them properly. If at all
